

This document is not a research report and is not intended as such. Furthermore, this material should not be construed as an offer to sell or the solicitation of an offer to buy any security in any jurisdiction where such an offer or solicitation would be illegal. We are not soliciting any action based on this material or recommending any transaction or investment strategy. This material is for the general information of our customers. It does not take into account the particular investment objectives, financial conditions, investment experience or financial needs of individual customers. Before acting on any information contained in this material, you should consider whether it is suitable for your particular circumstances and, if necessary, seek professional investment, legal and/or tax advice. The price and value of the investments referred to in this material and the income from them may go down as well as up, and investors may realize losses on any investments.

Past performance is not a guide to future performance. Future returns are not guaranteed, and a loss of original capital may occur. We do not provide tax or legal advice to our customers, and all investors are advised to consult with their tax or legal advisers regarding any potential investment. Certain transactions - including those involving futures, options, equity swaps, and other derivatives as well as non-investment-grade securities - give rise to substantial risk of loss and may not be available to or suitable for all investors. If you have any questions about whether you are eligible to execute transactions with or through VOLEX, the execution services division of Volant Trading, please contact your registered representative. Please ensure that you have read and understood the current options disclosure document before entering into any options transactions. Current United States listed options disclosure documents are available at <http://www.optionsclearing.com/about/publications/character-risks.jsp>.

This material is not for distribution to private customers, as that term is defined under the rules of the Financial Services Authority in the United Kingdom; and any investments, including derivatives, mentioned in this material will not be made available by us to any such private customer. Foreign-currency-denominated securities are subject to fluctuations in exchange rates that could have an adverse effect on the value or price of, or income derived from, the investment. In addition, investors in securities such as ADRs, the values of which are influenced by foreign currencies, effectively assume currency risk. The material is based on information that we consider to be reliable, but we do not represent that it is accurate, complete and/or up to date, and it should not be relied on as such. Opinions expressed are our current opinions as of the date appearing on this material only and are subject to change without notice. Furthermore, any such opinions only represent the views of the author and not those of Volant Trading, or VOLEX, the execution services division of Volant Trading, unless otherwise expressly noted.

Volant Trading is an SEC registered broker-dealer and provides securities execution services to its customers. The professionals who prepared this material may be paid in part based on the profitability of Volant Liquidity, LLC, which includes earnings from the firm's trading, capital markets and other business. They, along with other salespeople, traders, and other professionals, may provide oral or written market commentary or trading strategies to our customers that reflect opinions that are contrary to the opinions expressed herein and our proprietary trading and investing businesses may make investment decisions that are inconsistent with the views expressed herein. In addition, the professionals who prepared this material may also produce material for, and from time to time, may advise or otherwise be part of our trading desks that trade as principal in the securities mentioned in this material. This material is therefore not independent from our proprietary interests, which may

conflict with your interests. We and our affiliates, officers, directors, and employees, including persons involved in the preparation or issuance of this material, will from time to time have “long” or “short” positions in, act as principal in, and buy or sell the securities or derivatives (including options) thereof in, and act as market maker or specialist in, companies mentioned in this material.

No part of this material may be (i) copied, photocopied or duplicated in any form by any means or (ii) redistributed without our prior written consent. Notwithstanding anything herein to the contrary, and except as required to enable compliance with applicable securities law, you (and each of your employees, representatives and other agents) may disclose to any and all persons the U.S. federal income and state tax treatment and tax structure of the transaction and all materials of any kind (including tax opinions and other tax analyses) that are provided to you relating to such tax treatment and tax structure, without Volant Trading imposing any limitation of any kind.

SYSTEM RESPONSE AND ACCESS TIMES FOR DIRECT MARKET ACCESS AND VES ROUTING MAY VARY DUE TO MARKET CONDITIONS, SYSTEM PERFORMANCE AND OTHER FACTORS. FURTHERMORE, VOLANT TRADING/ VOLEX ALGORITHMIC MODELS DERIVE PRICING AND TRADING ESTIMATES BASED ON HISTORICAL VOLUME PATTERNS, REAL-TIME MARKET DATA AND PARAMETERS SELECTED BY THE CUSTOMER. THE ABILITY OF VOLANT TRADING/ VOLEX'S ALGORITHMIC MODELS TO ACHIEVE THE PERFORMANCE DESCRIBED IN THESE MATERIALS CAN BE IMPACTED BY SIGNIFICANT CHANGES IN MARKET CONDITIONS SUCH AS INCREASED VOLATILITY, PRICE DISLOCATIONS, MATERIAL MARKET EVENTS OR NEWS OR TRADING HALTS. IN ADDITION, SYSTEMS OR COMMUNICATIONS FAILURES MAY IMPACT VOLANT TRADING/ VOLEX'S ABILITY TO ACCESS THE MARKETS AND, CONSEQUENTLY, THE PERFORMANCE OF THE ALGORITHMIC MODELS.

Factors such as order quantity, liquidity, spread size and the parameters selected by the customer may impact the performance results. Volume Weighted Average Price (“VWAP”) is targeted based on such factors as the security's historical volume patterns, the emerging trading pattern for the day and certain parameters which may be entered by the customer. We do not guarantee that orders designated as VWAP will be executed at the actual VWAP of the security.
